Monetary Policy Council

Warsaw, 12 April 2010

It is with great pain and sorrow that we received the news about the tragic accident of the presidential plane in which so many distinguished persons were killed. The death of the President of the National Bank of Poland, Mr Sławomir Skrzypek, comes to us as a great shock.

We send our heartfelt sympathy to his family, friends and all those who share the feeling of personal loss at his death.
